

# DON'T LET PAIN TAKE CONTROL.

Start a balanced pain treatment program and get back to your life.

## CHASE BLACK, MD

practices a balanced approach to pain management. He is board certified in anesthesiology and fellowship trained in chronic pain.

**OUR TEAM IS COMMITTED TO YOUR CARE FOR THE LIFE OF YOUR PAIN.**

At the Rhea Pain Management Center, our providers work together in a team-based environment in order to create a balanced approach to pain management.

The Rhea Pain Management treats all kinds of acute and chronic pain, including:

- Back and neck pain, including sciatica and work-related injuries
- Persistent pain after back or neck surgery
- Arthritis pain in neck or lower back
- Complex Regional Pain Syndrome (CPRS)
- Nerve damage or muscle spasm pain
- Shingles pain
- Headaches
