- Warning to person executing this document -

This is an important legal document. Before executing this document you should know these important facts:

This document gives the person you designate as your agent (your attorney in fact) the power to make health care decisions for you. Your agent must act consistently with your desires as stated in this document.

Except as you otherwise specify in this document, this document gives your agent the power to consent to your doctor not giving treatment or stopping treatment necessary to keep you alive.

Notwithstanding this document, you have the right to make medical and other health care decisions for yourself so long as you can give informed consent with respect to the particular decision. In addition, no treatment may be given to you over your objection, and health care necessary to keep you alive may not be stopped or withheld if you object at the time.

This document gives your agent authority to consent, to refuse to consent, or to withdraw consent to any care, treatment, service, or procedure to maintain, diagnose or treat a physical or mental condition. This power is subject to any limitations

that you include in this document. You may state in this document any types of treatment that you do not desire. In addition, a court can take away the power of your agent to make health care decisions for you if your agent: (1) authorizes anything that is illegal; or (2) acts contrary to your desires as stated in this document.

You have the right to revoke the authority of your agent by notifying your agent or your treating physician, hospital or other health care provider orally or in writing of the revocation.

Your agent has the right to examine your medical records and to consent to their disclosure unless you limit this right in this document.

Unless you otherwise specify in this document, this document gives your agent the power after you die to: (1) authorize an autopsy; (2) donate your body or parts thereof for transplant or therapeutic or educational or scientific purposes; and (3) direct the disposition of your remains.

If there is anything in this document that you do not understand, you should ask an attorney to explain it to you.

[Tennessee Code Annotated, § 34-6-205; Durable Power Of Attorney For Health Care]

DURABLE POWER OF ATTORNEY FOR HEALTH CARE

By signing this document, I appoint the person I name on page 2 to make health care decisions for me if I am ever unable to make them for myself. I intend for this person to ensure that my living will is honored and that decisions about my medical care respect my wishes as far as they are known. I intend for this person to have the broadest discretion and power allowed by law to approve, refuse or stop medical care for me.

If I should ever reach the point at which my doctor believes I am going to die no matter what is done, I direct this person to ensure that I am allowed to die naturally. That means not starting or continuing to use machines or treatments that would only prolong my dying.

At that point, this person should ensure that I have only the medicine or treatment
